The Will Rogers Motion Picture Pioneers Foundation (WRMPPF), one of the few charities created by the movie industry for the people in the industry. In addition, WRMPPF runs programs that contribute to the greater well-being of people in communities throughout the country.

Since 1936, we have been a special friend to those in need of a helping hand. Named after humanitarian, philanthropist and entertainer Will Rogers, the WRMPPF perpetuates his legacy through the great works of the Will Rogers Institute (WRI), Pioneers Assistance Fund (PAF), and Brave Beginnings - a neonatal pulmonary grant program.
